SUÐUROY

Enjoy a two-hour journey to the south of the Faroe Islands with Smyril, the largest ferry in the country. Upon arrival take bus 700 from the ferry terminal to the town of Vágur. Vágur has shops, cafés and nearby scenic cliffs. We recommend the 2.5 hour hike from Vágur to the village of Fámjin. When in Fámjin, make sure to visit the Church, where the first Faroese flag is on display. From here bus 701 will take you back to the ferry terminal at 14:50. You'll have time to visit the nearby culture house SALT before Smyril departs from the ferry terminal.
